SUMMARY

SAP ABAP Developer with 1.5+ years of experience building and optimizing solutions on SAP S/4HANA. Skilled in Code Push-Down design using CDS Views and AMDP, OData service development for Fiori front ends, and RICEF object development in the Eclipse (ADT) environment. Comfortable working directly with cross-functional teams to translate business requirements into performant, production-ready ABAP code.

EXPERIENCE

Accenture

Pune, India

Software Engineer Analyst — Client: Barclays

2025 – Present

- Tuned legacy ABAP code for the HANA database, reducing report execution time by up to 30% for key business processes.
- Designed and built CDS Views with associations, annotations, and extensions, applying Code Push-Down through AMDP to move computation closer to the database layer.
- Built and integrated OData Services via SAP Gateway (SEGW) to power SAP Fiori applications used by business teams.
- Partnered with cross-functional and technical teams to gather requirements, write technical specifications, and resolve 5–20 production issues per month under tight turnaround windows.

Accenture

Pune, India

Associate Software Engineer — Client: Barclays (ProcessUnity Project)

2023 – 2025

- Configured and maintained the ProcessUnity platform supporting risk and compliance workflows for the client.
- Designed and automated business workflows, reducing manual processing time by 25% and improving turnaround for operational tasks.
- Managed user roles, access permissions, and data security configurations within the application.
- Worked with business analysts to translate requirements into system configurations, and supported data integration and migration efforts.
- Monitored system pipelines and resolved production incidents, contributing to consistent platform uptime.

Central Business Solutions Inc.

Bhilai, Chhattisgarh

Web Developer Intern

Aug 2022 – Jan 2023

- Tested and debugged two live websites (skillexam.com and cbsinfosys.com), identifying and fixing functional issues before release.
- Supported digital marketing efforts including HubSpot email sequencing, lead generation, and social media campaigns.

PERSONAL PROJECTS

Sign Language Recognition System | Python, Machine Learning

Feb 2023 – May 2023

- Built a Python-based machine learning system to recognize and interpret sign language gestures, aimed at improving communication accessibility for individuals with hearing impairments.

Palm & Face Detection | Python, Machine Learning

Oct – Nov 2022

- Built two computer vision models (palm detection and face detection) using Python and machine learning under faculty guidance.

EDUCATION

Chhatrapati Shivaji Institute of Technology

Durg, Chhattisgarh

B.Tech, Computer Science and Engineering

Jul 2020 – Jun 2023

Government Women's Polytechnic

Ranchi, Jharkhand

Diploma, Computer Science and Engineering

Aug 2016 – Aug 2019

TECHNICAL SKILLS

SAP ABAP / S4HANA: RICEF Development, Object-Oriented ABAP (OO-ABAP), CDS Views (Data Modeling, Associations, Joins, Extensions, Annotations), AMDP (SQLScript, Code Push-Down), Performance Tuning & HANA Database Optimization

Data Dictionary (DDIC): Tables, Views, Data Elements, Domains, Search Helps

Integration: SAP Gateway & OData Services (SEGW, Gateway Registration, RESTful services)

Reporting & Forms: ALV Grid, Interactive Reports, Object-Oriented ALV, Smart Forms, Adobe Forms

Enhancements: BADIs (Classic & New), User Exits, Customer Exits, Explicit/Implicit Enhancement Points

Database: SAP HANA DB

Programming: Python

Tools & Cloud: Eclipse (ADT), Jira, Confluence, Public Cloud (AWS fundamentals)

Languages: English (Full Professional Proficiency), Hindi (Full Professional Proficiency)

CERTIFICATIONS

SAP ABAP S/4HANA Certification | AWS Certification | Python Programming Certification

ACHIEVEMENTS

Promoted from Associate Software Engineer to Software Engineer Analyst (June 2026) in recognition of consistent technical delivery on the Barclays engagement.

Received the Star of the Month Award twice for outstanding performance and team contribution.

Awarded Best Performer during Web Developer Internship tenure.
