EDUCATION

Amity University Chhattisgarh

B.Tech, Computer Science & Engineering

Raipur, CG

2024 – 2028

- CGPA: 7.68 | Vice-President, Google Developers Groups on Campus (2026) | Volunteer Coordinator, AWS Student Builder Group (2025–26)

Janta High School

Senior High School (PCM)

Bishrampur, Jharkhand

2021 – 2023

- Aggregate: 89% (Gold Medal and Dainik Bhaskar-recognized District Top performer in Class 12 Board Examinations)

ADDITIONAL COURSES

Network Management & Ethical Hacking (Netcamp Solutions Pvt. Ltd.); Android App Development (Core Java & Kotlin)

SKILLS

Languages: Python, Java, C, C++, SQL, Bash

Networking & Security: TCP/IP, Network Security, AES-256 Encryption, Routing & Switching, Linux (Ubuntu), Wireshark, Network Troubleshooting, Vulnerability Assessment, Incident Response, Ethical Hacking Fundamentals

AI & Data: AI Engineering, AI System Evaluation, Prompt Engineering, Data Analysis, Pandas, NumPy, Matplotlib, Jupyter Notebook

Operations: Incident Management, Technical Reporting, SOP Compliance, Risk Assessment, Workflow Coordination, Process Improvement, Documentation

Databases: MySQL, MongoDB, Firebase Firestore, Supabase, SQL Queries

Cloud & DevOps: AWS (SAA-C03), Google Cloud Platform (GCP), Git, GitHub, GitHub Actions, Linux, Postman

CS Fundamentals: Data Structures & Algorithms, OOP, DBMS, OS, Computer Networks, System Design Basics

Soft Skills: Technical Writing (API Docs, SOPs, Research Papers), Public Speaking, Team Leadership, Problem Solving

EXPERIENCE

SYNTELO

July 2026 – Present

Backend Engineer Intern – “Drop It” Project

Remote

- Working as a Backend Engineer on **Drop It**, a hyperlocal delivery platform under development for remote/non-metro areas (vs. Blinkit/Zepto’s tier-1-only model), letting local shopkeepers list stores and nearby riders accept & fulfill orders Rapido-style.
- Built the sign-up and authentication system for shopkeepers, riders, and customers.
- Implemented map integration for location-based order routing and rider-to-shop matching.

The Drop Organisation Pvt. Ltd.

May 2026 – July 2026

Ethical Hacker Intern

Kolkata, India

- Coordinated daily operational activities across security and operations teams, monitoring 20+ concurrent tasks while maintaining over 95% on-time completion.
- Supported onboarding of new interns by creating process documentation and conducting knowledge-sharing sessions, reducing onboarding time by nearly 25%.
- Prepared 50+ technical assessment and incident reports documenting findings, risks, and remediation recommendations, improving communication between technical and management teams.

PROJECTS

Deep Packet Inspection (DPI) Engine | C++17, CMake, PCAP, Multithreading, Wireshark

[GitHub](#)

- Built a modular C++17 packet analysis engine that parses Ethernet, IPv4, TCP & UDP headers from PCAP captures, tracking connections via the TCP/IP 5-tuple for flow identification.
- Engineered multithreaded packet processing with thread-safe queues and worker threads; extracted TLS SNI for HTTPS domain identification and built a rule-based filtering engine for configurable traffic allow/block policies.

ALGOSTORM 1.0 – Official Hackathon Website | React, Tailwind CSS, Firebase

- Sole developer – dynamic event listings, team directory, blog & member registration; deployed on Firebase Hosting serving 500+ members; scalable React architecture enabling non-technical content updates.

ACHIEVEMENTS

Gold Medal from Dainik Bhaskar for District Topper in Class 12 Board Examinations | Hackathons: 2× Internal Winner, Amity University CG.
